## About NBCC

The National Board for Certified Counselors (NBCC), a not-for-profit organization incorporated in 1982, provides national certifications for professional counselors. NBCC identifies counselors who voluntarily meet established requirements and maintains a registry of certificants. More than 48,000 professional counselors currently hold the National Certified Counselor (NCC) credential.

## About the CCMHC

The Certified Clinical Mental Health Counselor (CCMHC) credential was created jointly by the Academy of Clinical Mental Health Counselors and NBCC. The CCMHC specialty certification attests to the educational background, knowledge, skills and competencies of the specialist in clinical mental health counseling.

The CCMHC credential:

- Recognizes master's-level clinical mental health counseling practitioners and their specialized training and experience.
- Promotes the clinical mental health counselor's identity, visibility and accountability on a national level.
- Identifies to the counseling profession and to the public those counselors who have met national professional clinical mental health counseling standards.
- Advances cooperation among professional organizations and other credentialing and professional development agencies.
- Encourages the professional growth of clinical counselors.

Inappropriate use of NBCC certification designation marks and credentials is a violation of NBCC policies and applicable laws. Only those individuals credentialed by NBCC as Certified Clinical Mental Health Counselors may use the CCMHC designation.

## Length of Certification and Annual Certification Fee

NCCs must adhere to the NBCC *Code of Ethics* and pay an annual certification fee for the NCC credential plus a fee for the CCMHC. Credential holders are billed yearly and fees are due by the 15<sup>th</sup> day of their birth month. At the conclusion of each five-year cycle, NCC/CCMHCs must be able to document having completed 100 clock hours of continuing education, 50 of which must be in clinical topics, or they can retake and pass the NCMHCE.

If you determine you no longer want to maintain national certification, you must complete a Request to Relinquish Certification form.

## Contact Information

For personal assistance, please contact the NBCC Certification Department via e-mail ([certification@nbcc.org](mailto:certification@nbcc.org)) or telephone (336-547-0607).

## Minimum Graduate-Level Credits

NBCC requires completion of at least 60 semester (or 90 quarter) hours of graduate-level academic credit in counseling from a regionally accredited university for the CCMHC credential. **Noncounseling classes will not count toward the credit requirement.** For example, NBCC will not accept courses in grant writing, educational administration, special education, etc.

Provided your graduate degree has a major study in counseling (defined as a degree in which more than half (but no less than 24 semester/36 quarter hours) of the degree credits in counseling are in at least six of the nine counseling coursework content areas required by NBCC and the degree must include at least one supervised field experience in counseling), nondegree graduate credits in **counseling** can be included in the total requirement of 60 semester (or 90 quarter) hours of graduate-level credit. Those applicants who have completed less than 60 semester (or 90 quarter) hours may wish to read about the Equivalent Entry Option included in this packet.

## Coursework and Clinical Training

The CCMHC credential requires specific coursework. Details regarding the content areas can be found on the Coursework Requirement Form included in this packet.

- You will need to complete the Coursework Requirement Form and submit it as part of your application.
- Nine to 15 semester hours (or 14 to 23 quarter hours) of clinical training in supervised practica and internships in a setting relevant to the practice of clinical mental health counseling is required for field experience (clinical training). Supervised field experience credits must be at the graduate level. Include information about your clinical placements in the designated section of the Coursework Requirement Form.
- If you are uncertain your education meets the CCMHC requirements, you may request a prereview of your degree and coursework.

## Equivalent Entry Option

Applicants who completed fewer than 60 semester hours (or 90 quarter hours) of graduate-level credit in counseling, but who have completed a minimum of 48 semester hours (72 quarter hours) of graduate-level credit in counseling, may substitute documented training and/or supervised clinical experience for the lacking 12 semester hours (18 quarter hours) that are required. **Please note: Documented training and/or supervised clinical experience cannot be substituted for any required coursework content areas. The substitution rule may satisfy a credit hour deficiency only.**

To be considered for equivalent entry, you must have one of the following in addition to 48 semester (72 quarter) hours of graduate-level counseling credit:

### Continuing Education Clock Hours

Documentation of having completed clinically relevant workshops. Each 15 clock hours of clinically relevant workshop participation substitutes for one semester hour of credit.

Example: A candidate who has completed only 48 semester hours of graduate-level credit would need to document 180 clinical workshop hours.

OR

### Supervised Client Contact Hours

Documentation of additional client contact hours beyond the required 3,000. Forty hours of client contact may be substituted for one hour of either semester or quarter credit.

Example: A candidate who completed 48 semester hours of graduate-level credit would need to document 480 hours of supervised client contact beyond the normal 3,000 hours required.

## CCMHC Requirements

If you can answer “yes” to each of the following, you may qualify for the CCMHC credential.

- I meet all educational requirements for the CCMHC credential outlined in this application.
- I earned my graduate degree in counseling more than two years ago.
- I can document having completed at least 100 hours of counseling supervision, spanning at least 24 months from the date my graduate degree (master’s or higher) in counseling was conferred. Also, the mental health professional who provided my supervision meets the degree/credential requirements described in this application packet.
- I can document having completed at least 3,000 hours of clinical client contact, spanning at least 24 months from the date my graduate degree (master’s or higher) in counseling, or with a major study in counseling, was conferred.
- I can submit two completed Professional Colleague Endorsement Forms (included in this packet).
- I can document a passing score on the National Clinical Mental Health Counseling Examination (NCMHCE), OR I am ready to request registration for that examination.
- I can provide a taped clinical session (after the application and examination are complete and approved), OR I can and will document two additional years of clinical supervision.

## Examination Requirement

You are required to have a passing score on the NCMHCE.

If you can document having passed the NCMHCE as part of your state licensure process, it is not necessary to retake the exam for the CCMHC credential.

To document your exam scores, provide NBCC with the following information in Item 12 of the application (page 9):

- The name of the exam you passed;
  - The state that authorized you to sit for the exam;
  - The year and month you passed the exam;
  - The name under which you passed the exam, if different from your current name;
- OR** provide NBCC with a photocopy of your score report showing your passing results.

## Tape Review

After you pass the NCMHCE, you will be required to submit a tape recording of a complete clinical mental health counseling session along with a written critique. Specific guidelines for this requirement will be included with your passing score report.

If you can document having graduated from a CACREP-accredited mental health counseling (MHC) degree program, the tape review requirement will be waived.

Uncertain whether your MHC degree program is accredited by CACREP? Verify it by going to [www.cacrep.org/directory/directory.cfm](http://www.cacrep.org/directory/directory.cfm).

## Coursework Requirement Form

To complete the Coursework Requirement Form, match the classes from the graduate transcript to the content areas listed on the Coursework Requirement Form. Each course must have earned a minimum of two semester hours (or three quarter hours) of graduate-level credit.

## Submitting Your Transcript

- A copy of your graduate transcript, showing conferral of an advanced degree (master's degree or higher) in a mental health field, must be submitted. If you have taken additional relevant coursework between the date of your NCC certification and the present time, then you will also need to submit a sealed official transcript showing the additional coursework.
- If you will be submitting any graduate transcripts separately from your application materials, please include a brief note with your application materials indicating that your transcript will arrive separately. Please include the date you ordered the transcript.
- If you're submitting a transcript separately from your application materials, please have it mailed to the following address: NBCC Certification Department, 3 Terrace Way, Greensboro, NC 27403. Note that this address is different from the one you will use to submit your main application materials.
- Sending a transcript separately from your other application materials may slow the review of your application.

## Application and Examination Limits

NBCC holds applications open for either a two-year period or three unsuccessful attempts to pass the NCMHCE, whichever comes first. If you are registered to test but do not sit for the exam, or take the exam and do not pass, a \$145 reregistration fee will be required. You will automatically receive reregistration forms for each examination for which you are eligible to sit.

## NBCC Ethics Policies and Procedures

NBCC applicants and certificants are responsible for ensuring that their behavior adheres to the standards identified in the *Code of Ethics*.

Prior to certification, all applicants must complete all portions of this application.
