

# You Asked. We Listened.

*Introducing career and psychological assessment reports that are tailored to the specifications of the National Board for Certified Counselors (NBCC) to meet the needs of National Certified Counselors.*

## Personal Career Development Profile *Plus* for Professional Counselors (PCDP-PC *Plus*)

Generated from one of the world's most widely used personality assessment instruments, the 16PF® Fifth Edition Questionnaire, the PCDP-PC *Plus* facilitates the personal development process by providing positive, constructive insights into how your client's personality affects on-the-job performance, academic and career decisions, personal choices, and success.

The PCDP-PC *Plus* is a valuable tool for:

- Academic and Career Guidance
- Career Transition Coaching
- Personal Development Counseling

## PsychEval Personality Questionnaire Interpretation for Professional Counselors (PEPQ-PC)

The PEPQ-PC interprets scores for 16 Primary and 5 Global normal personality scales, as well as an additional 12 scales and 4 composite scores to provide a quick-screen for pathology-oriented behavioral characteristics. The resulting multi-dimensional personality profile in the PEPQ-PC is useful in:

- Clinical Counseling
- Treatment Planning
- Career Guidance
- Forensic Evaluations
- Post-job-offer Selection

Both reports include special scales to further enhance the counselor's professional evaluation. (Refer to product information sheets and sample reports for additional information, or visit [www.IPAT.com/NCC](http://www.IPAT.com/NCC).)

### Administration and Scoring:

Administration, scoring, and report generation of the PCDP-PC *Plus* and the PEPQ-PC are via NetAssess, IPAT's easy-to-use, web-based service.

### Qualification Information:

1. The PCDP-PC *Plus* and PEPQ-PC are available only to National Certified Counselors. (For certification information, please email [nbcc@NBCC.org](mailto:nbcc@NBCC.org).)
2. All active National Certified Counselors are automatically qualified to use the PCDP-PC *Plus* (Level CE-2/HR-2).
3. Because the PEPQ-PC is a clinical assessment (Level CE-3/HR-3), the qualification requirements are dependent upon one's coursework and experience.

### To Order:

**Existing IPAT Customers:** Call IPAT to provide us with your NCC number. We will code your account and review your qualification level at that time.

**New IPAT Customers:** Please complete an IPAT User Qualification form ([www.IPAT.com/userqual](http://www.IPAT.com/userqual)). IPAT will fax you within 24 hours with your qualification level and information on how to place an order.
